

Eclipse 2+1

Daytime layout

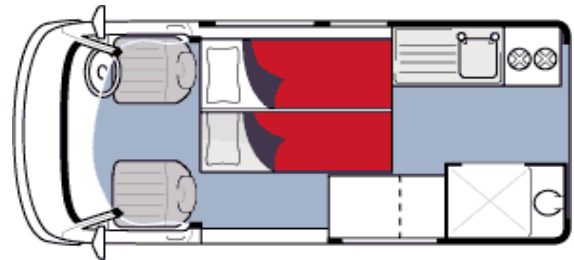

Eclipse 2+1 by Night-Double bed

The sleek design of the Eclipse 2+1 makes you feel like you are driving a large car rather than a fully equipped campervan. The 2.5 Litre diesel engine means swift, smooth and economical travelling.

Our clever Motorhome interior designers have incorporated a flow through design to allow rear door access and a feeling of el fresco cooking when the sun is shining. The sleeping quarters are sensibly located away from the toilet and kitchen.

Single bed over Double bed

Sleeping specifications		Living area features		Dimensions	
Super soft comfort	1 Double	Thermostatically Controlled Heater/Cooler	✓ Gas	Overall Length	5.5m
